

PERSONAL CARE KITS

What is it?

This activity puts together personal care kits for parents whose babies were born too soon, or unexpectedly.

These kits can make a huge impact on the well-being of parents whose babies are in the Neonatal Intensive Care Unit (NICU)/hospital site due to pregnancy-related complications.

Why is important?

Becoming a parent can be an exciting and challenging time. But when mom and baby are in the Neonatal Intensive Care Unit (NICU) or at the hospital unexpectedly, it can also become scary for families. Too many moms and dads are experiencing this today and a meaningful gift like this is impactful during one of the most uncertain times in a parent's life.

HOW YOU CAN DO IT:
